JOBS

sept. 2025 - ...
R&D developer, R&D, Creaform-Ametek
- Integration of machine learning models into professional software
- Dataset generation
- Benchmark and optimization of machine learning models

sept. 2024 - dec. 2024
Lab Assistant, Computer Vision and Systems Laboratory of Laval University
- Research of other vision research papers' method
- Code adaptation on **Compute Canada** to compare *our* method to other papers
- Generating a test set for analysis

feb. 2022 - aug 2023
Janitor, CIUSSS (Integrated Health and Social Services Center) of Estrie, CISSS of West Montérégie

2018 - 2021
Crew trainer, McDonald's, Blvd d'Anjou Châteauguay

EDUCATION

2023 - ...
Bac. Software Engineering, Laval University
- Current GPA : 4.29

2021 - 2023
DEC Science, Math and Computer Science, CEGEP Sherbrooke

INTERNSHIPS

may 2025 - aug. 2025
IA Camera intern, R&D, Creaform-Ametek

may 2024 - aug. 2024
Research assistant, Computer Vision and Systems Laboratory of Laval University

SCHOLARSHIPS

june 2024
Undergraduate Research Scholarship for Controllable Synthesis of Realistic Images, NSERC

june 2023
Scholarship for best grades of the Science, Math and Computer Science program, CEGEP Sherbrooke

RESEARCH PUBLICATIONS

dec 2024 — 3DV 2026 accepted : SpotLight: Shadow-Guided Object Relighting via Diffusion
Frédéric Fortier-Chouinard, Zitian Zhang, **Louis-Etienne Messier**, Mathieu Garon, Anand Bhattad, Jean-François Lalonde

LANGUAGES

fluent	English
native	French
beginner	German

TECHNOLOGIES

prog. languages	C++, Python, Java, C#, Java, JavaScript, HTML, CSS, ARM
technologies	Android Studio, JetBrains, Visual Studio, Microsoft 365, Linux, Compute Canada, Blender, Unity, SSH, Sockets, LaTeX

EXTRACURRICULAR ACTIVIES

jan. 2025 - ... — Vice-President of logistics, IA Club of Laval University

- Procurement management
- Management of the Club's premises
- Conception and management of local GPU heavy compute servers

jan. 2025 - may 2025 — Project leader of *Flappy EEG*, IA Club of Laval University

- Team Leader for an undergraduate EEG signal interpretation project
- Working with embedded systems
- Functional prototype built

dec. 2024 — Red Cross, Certified in Emergency First Aid & CPR/AED level C

jan. 2024 - ... — Vice-President of recrutment, IA Club of Laval University

- Club growth from active members to 40+
- Creation and management of the *Scientific Reading Group* to gather people and talk about specific AI papers
- Management of tutorials on machine learning
